## *The Chairman*

**“Education** is the most powerful which you can use to change the world.” With this motto the JIMS have established a bench mark in academic excellence and holistic grooming of students. In the rapid rate of technological and educational advancement the information revolution have opened new series of challenges as well as opportunities.

**Jhunjhunwala Institute of Medical Sciences** aims to prepare the students to be successful in the changing workplace. It aims to equip students with technical, technological, managerial knowledge and capabilities, flexibility and an understanding of the societal context of Health Care world. We at **Jhunjhunwala Institute of Medical Sciences** gives students support and encouragement to reach their full potential. Today in the era of privatization, liberalization and globalization we try to groom, nourish and nurture our students in such a way that they are fully equipped to meet the global demands. We try to give professional education a new perspective and achieve perfection in all spheres of education. We provide a pleasant and intellectually stimulating environment. In this regard and to accelerate our education system we have introduced several add on courses B.Sc Nursing, B.Pharma

The institute is also a venue of National, International and State Level conferences, seminars and symposium. we provide exposure to the latest and advanced techniques and systems. we give the world the best we have and the best we can. The placement scenario is also quite commendable as several Hospital, Pharma visit our campus for recruitment. We are thankful to our students, parents, faculty, and non teaching staff who are striving hard to establish **Jhunjhunwala Institute of Medical Sciences** as one of the leading institutions. Here “we march along with you for your victory.”

I am extremely overwhelmed to welcome you all to become a part of this Institute’s family tree. I pray to Almighty to bless you with great future ahead.

**L. K. Jhunjhunwala**  
Chairman

## *The Vice Chairman*

"Indians are brilliant people but most of them never get an opportunity to get proper and quality education to discover their talents and develop that for the society and human kind at large. Here in **Jhunhunwala Institute of Medical Sciences** we always strive to develop a high standard, making it a value oriented quality education centre where everyone gets equal opportunity to get education in real sense.

Our vision is based on hard work, open communication, a strong emphasis on team work and high level of responsibility. Our institution has set specific objectives and planned activities for achieving excellence in all spheres of technical, technological and managerial education as we believe that learning should be based on doing things and not merely knowing things because then the whole process will remain superficial. The service of the institution is creating personally mature, professionally equipped and service oriented graduates is really worth mentioning. We do not compromise on teaching standards or discipline as these are the springboards on which we operate.

Institute aims at nurturing responsible medical Professionals and Engineers who will be leaders and innovators of tomorrow as we believe in the saying that "People who feel good about themselves produce good results and people who produce good results feel good about themselves."

So come, have a visit to **Jhunhunwala Institute of Medical Sciences** and feel good to get good education.

**Sanjay Jhunhunwala**  
Vice Chairman

## *The Trustee's Desk*

**We** are living in a fast changing world, a changing society, progressing at a galloping speed, impact of science, scientific research, technological development, globalization on our daily life is vibrant and unavoidable, So the need to be geared up for tomorrow is for greater than ever before. Opportunities before us are immense and the task is onerous. With this mind, we continue to march steadily towards our aim to provide responsible citizens, who will participate in nation building. Its fact that the progress of nation depends upon the quality of its teachers, so along with providing responsible citizens, teacher effectiveness and efficiency is the goal of the institution. The total system of education can be overhauled and streamlined only when the teachers are well trained professionally and personally.

Along with preparing of the broad base of the teachers the training in teaching methodology skills and educational administration through intensive practice of teaching, microteaching and internship are rigorously given, in which practicing schools are also engaged. The College has as it backbone excellent infra-structure, teaching laboratories and general facilities and amongst the best.

"For everyone of us that succeeds, its because there's somebody there to show you the way out we're one of them.

Thanking You

**Mrs.Meenakshi Modi**

Trustee

## *The Director's Desk*

“**Learning** gives creativity, creativity leads to thinking, thinking provides knowledge and knowledge makes you great.” Believing in the same here at **Jhunjhunwala Institute of Medical Sciences** encourage independent thinking that helps students in developing strong domain knowledge, contemporary skill sets and positive attitude. The endeavors on the part of management are to provide the best in terms of knowledge, infrastructure and environment.

We aim at the upliftment of urban and rural youth, driven by a relentless quest to excel. **Jhunjhunwala Institute of Medical Sciences** consistently and passionately is on the move to acquire synergetic outcome among a blend of knowledge, skills, creativity and aggressive competence on the bedrock of ethics and values for its budding professionals. We stood to take the responsibility of developing and nurturing world class Medical Professionals, **Jhunjhunwala Institute of Medical Sciences** provide access to student's centric quality for paramedical, pharmacy and nursing skills up gradation and training through quality education. To embark on a journey of success one needs the tools of preparedness, foresight and strategy. This leads to the path of growth and excellence. It is imperative to combine these three forces in knowledge assimilation, where every year acts like a pivot tilting the pan balance of life in favour of professional excellence. I extend a warm welcome to the students to brighten their future and be confident that you will be set on the onward march to launch into this competitive world towards a Golden Dawn.

I welcome you to our Institution and I am delighted to provide you with all assistance in achieving your academic goals. On behalf of all of us in the **Jhunjhunwala Institute of Medical Sciences** I wish you all the best

**Dr. Girijesh Tripathi**  
Director

# Jhunjhunwala Institute of Medical Sciences Ayodhya

## “AN OVERVIEW”

**Jhunjhunwala Institute of Medical Sciences** is strongly wedded to orienting education to capable aspiring students bridging the gap between theory and practice, integrated learning and synchronizing the class with the work place for meeting the rapidly changing needs and challenging of the universe at large and of India in particular .

The institutions education is an organized attempt to helps students to become intelligent, self reliant and able to face situation must have an economic ethical relevance to the society. Jhunjhunwala Institute of Medical Sciences, have evolved and adopted the teaching program and methodology requiring the students to undergo the rigor of the professional world in form as well as in substance providing them an opportunity to apply their class room knowledge, thus to build the long needed bridge between the profession world and the education world.

The Institute wants its medical students to imbibe key values, the intellectual curiosity to inquire, the personal capabilities to inspire and to show the commitment to deliver positive social impact.

The Structure of the Program (Nursing, Paramedical, Ayush & Pharmacy) encompasses a rich mix of foundation courses, core courses , Elective Courses, Perspective courses and skill courses.

The Institution consider our students as reservoirs of talent and we spare no effort in imparting them the skills required to be true global professionals . In this regard, the institution makes concerted effort to follow emerging trends in professional education and implement these trends successfully.

# OBJECTIVES OF THE INSTITUTE

*The medical student community is among the most competitive in the world. This is because they genuinely want to make a difference, which makes them work so hard. Only when medical students are on vacation will you find them sitting idly.*

- ❖ To provide qualified, well experienced and dedicated faculty for the maximum benefit of students .
- ❖ To develop sense of responsibility, discipline commitment professional ethics and inculcate sprit of entrepreneurship among students .
- ❖ We strive continuously to make the students independent enough so that they can hold their head high.
- ❖ To develop ability to appraise research reports critically and acquire competencies in conducting qualitative studies in Medical.
- ❖ To provide job opportunities to younger generation and enable them to assume responsibility an better citizen in the society.

## OUR VISION AND MISSION

### Vision

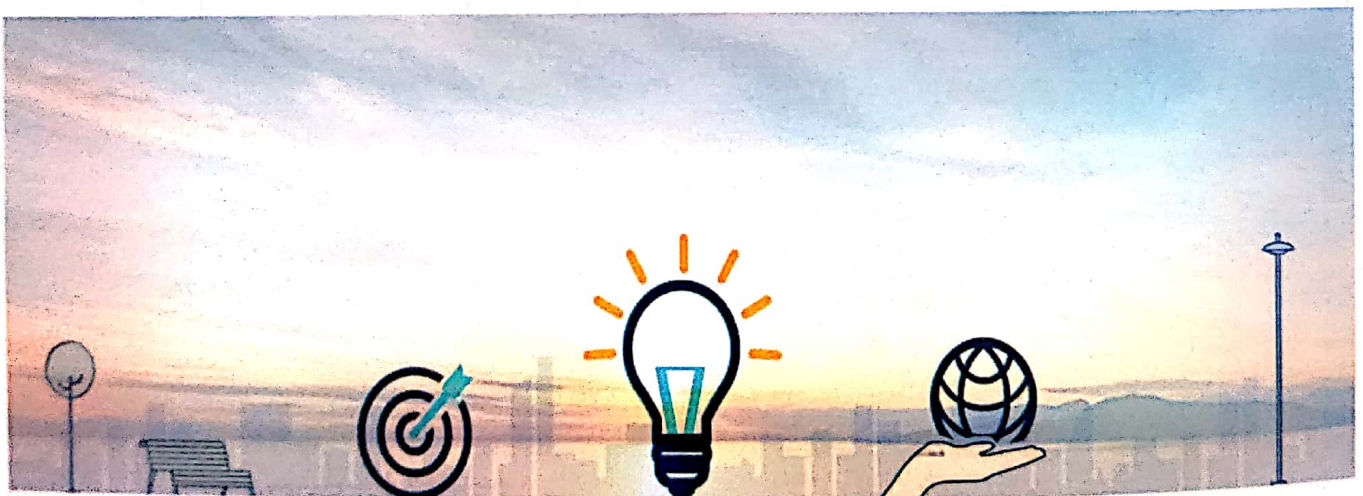

To be a dynamic , creative and competitive Centre of Excellence in advanced knowledge , especially relevant for the development of the nation and of the socially , educationally and economically marginalized sections of the people.

### Mission

To promote the study of the Medical Research of the world and to take appropriate measures for promoting innovations in teaching learning processes in inter - disciplinary studies and research.

**Jhunhunwala Institute of Medical Sciences (JIMS)** aims to provide invaluable education to aspiring students in order to become reliable members of the health care system and to effectively bridge the gap in the JIMS Students-patient ratio. The visionaries behind JIMS believe that it is their responsibility to create a learning environment that enable students to achieve self-directed learning and develop a life long learning attitude.

With modern infrastructure , state of the art facilities and experienced facilities, JIMS aims to poster a sense of confidence along with much needed clinical skills supported by strong foundation of theoretical knowledge, in its students in order to make them invaluable member of the health care industry .

## Class Room

Jhunjhunwala Institute of Medical Sciences, has a magnificent building surrounded with good environment where the students get fresh air and nature. The building has a number of class rooms, which are well spacious, sound proof class room with modern technological facilities to enrich the teaching. This will facilitate higher degree of learning as well as interaction between faculty and student

## Nursing Foundation Lab

This lab is well equipped with 10 beds & set of all items needed for nursing procedure practice to provide comprehensive nursing care to the patient admitted in the hospital, students will be given preliminary training in patient care at the college laboratory.

## CHN & Nutrition Lab

This lab ensures that the students learn home visiting bag technique & practice the community health nursing while providing family health care at the door step of the clients using modified home visiting kits

## Advance Nursing Skill Lab

The Aim of this lab is to provide best practical knowledge in advance nursing procedures under the guidance of experts in subjects.

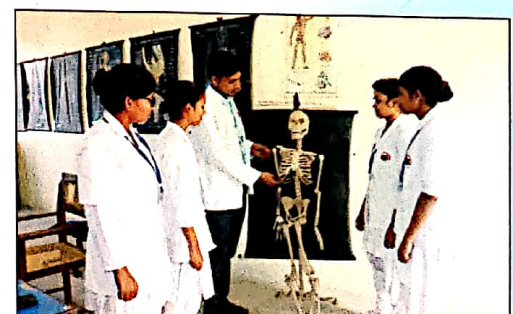

## OBG & Paediatrics Lab

This laboratory is for midwifery experience. Lab is equipped to develop skill handling normal and complicated delivery. The students gain skill in imparting primary maternity and pediatric care. Our institute provides excellent laboratory facilities for basic learning with maternal and child health science. The Lab comprises of latest equipments as prescribed by the INC.

## Pre-Clinical Science Lab

Its is Well equipped with models & Specimens, all the bones, skeleton & subject related charts etc. The students are encouraged to use our Anatomy Lab to learn Anatomy of bone & joints & other systems.

## Physiotherapy Lab

Physiotherapy laboratory are equipped to meet the teaching & learning requirements of the course . Our physiotherapy lab is used by our physiotherapy students to enhance and develop their skills . Students learn and practice the skills they require for professional practice using latest technology . The laboratories are well set to provide therapist - patient experiences similar to a professional clinic . This lab consists of two sections one of which is exercise department having equipment like treadmill , tilt table , parallel bar with mirror , goniometer . staircase , quadricep table , shoulder wheel , shoulder pulley , finger ladder , wrist exerciser etc. It's other section in electro - therapy department having latest electro - therapeutic modalities like short wave diathermy , electric muscle stimulator , interferential therapy , transcutaneous electric nerve stimulation ultrasound therapy , paraffin wax bath therapy , hot pack , infra red radiation therapy etc.

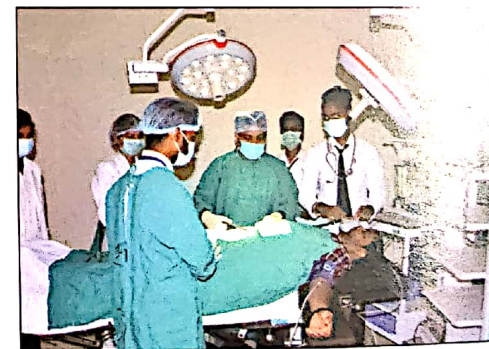

## Optometry Lab

This lab has necessary tools ( lenses , mirror , prism , light sources etc. ) for the practical implementation of experiments that will allow students to learn basic laws governing the behaviour of light and the basic operational principles of optical and optometric instruments like snellen's drum , auto refractometer , keratometer , perimeter , tonometer etc. Students practice beveling , assembly , checking and pricing of eyeglasses as well as adjusting and repairing frames . The laboratory has been well - equipped to make students familiar with the dynamics of clinical experiences such as medical history , prescription etc. in order to diagnose refractive problems .

## O.T. Lab

We have one of the best well Equipped operation modular theatre. With modern Instrument to perform a High level of Advance Surgery. Like neurosurgery, urosurgery, laparoscopic surgery, Gynecological surgery, Orthopedic Surgery and general surgery. This O.T. Is suitable for hygienic atmosphere to perform different surgical procedure. There are also attach scrub area. Advance sterilization area, changing room etc.

## DHP Lab

We have a well equipped and well maintained, set of all items needed for homeopathic medicine manufacture procedure. Student will be given preliminary training in medicine preparation and manufacturing.

## Pharmacy lab

### Pharmaceutical Chemistry Lab-

It is established to understand the identification, synthesis, analytical testing of the products. Their pharmaceutical medicinal uses are performed in this lab

### Human Anatomy & Physiology Lab

It is established to understand the human body structure and working. Pharmacological action of the product on animals are recorded in the practicals now these practical performed in simulated software on computer.

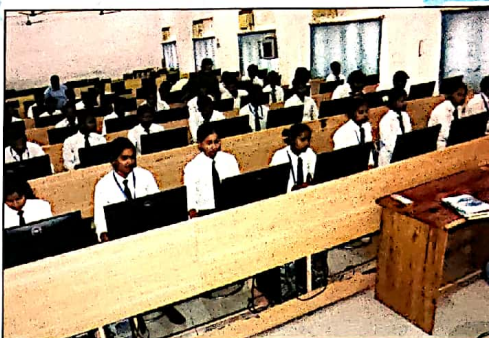

### Pharmacognosy Lab-

It is established to understand and get knowledge about the drug obtained from natural plant & sources . Methods of extraction of medicinal chemical constituents are elaborated in practical

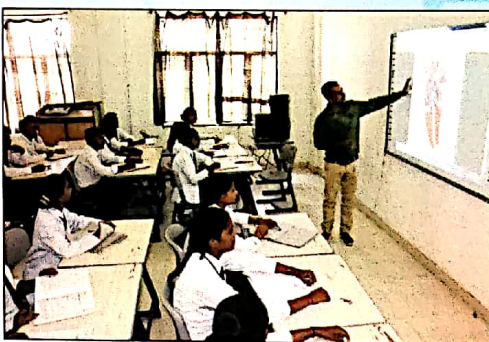

## Computer Lab

We have a well furnished and well ventilated computer lab. There are 50 computers in our lab. There is separate cabin for staffs and students there are sufficient chairs is available. Internet facility is also available in our computer lab.

## Audio Visual Aids Room

Our Av- Aids Rooms are fully equipped with various electronic devices for the effective teaching & learning such as LCD, Projectors, over head projectors, T.V., V.C.R, and C.D Player Tape recorder etc. We also have various teaching material & demo materials, which helps in teaching and practical classes

## Library

Our library is hallmark of the college. The Institute has a well stocked and large library consisting of up to dated and balanced collection of books by Indian as well as foreign authors on various functional areas of health sector . The library of JIMS has over 43,00 books . The services of the library also includes internet, e - learning and computer - based work. It has a number of National & International Journals, leading newspapers, latest editions of dictionaries, encyclopedia etc., and these resources will make our students to access the depth of knowledge.

**E-Library:** In Our institute we have emphasis on E-Library facility so that students of our institute can go beyond the available books to enhance their knowledge

# SALIENT FEATURES.

**TEACHING METHODOLOGY:** We believe in active learning system and participative teaching methodologies. With the class room teaching for imparting the theoretical/practical and conceptual knowledge, the group learning through different techniques are also encouraged to enhance various skills, abilities and capabilities in the communication, leadership, logical analysis etc, among the students to make them capable of coping up with the challenges emerging out of the changing environment of industries and trade.

The methodology of teaching includes the following:

- ★ Course outline
- ★ Emphasis on lab and practical training
- ★ Continuous evaluation system
- ★ Solved questions
- ★ Video lectures
- ★ Weekly tutorials

**PEDAGOGY : Excellent** teaching methodology with emphasis on interactive learning using audio-visual aids that helps the students to focus more on their studies with creative learning approach.

**PERSONAL CARE OF STUDENTS: Dedicated** student welfare system is assigned the task to take care of students and women help desk to address the issues of female students.

**INNOVATIVE GROOMING:** Research and development wing gives an opportunity to the students to innovate and explore new ideas and implement their learning to develop innovative models.

**TRAINING AND PLACEMENT:** Highly effective training and placement Cell. Qualified and dedicated trainers to increase the competitive

and employable skills of the students. Excellent corporate relations that help our students to secure job. The main aim is to give placement to higher number of students of the institution.

**PARTICIPATION IN COMMUNITY DEVELOPMENT:** We regularly organise community development programmes for the student to encourage them to help others and seed good ethics to make them sensible and responsible citizens of India.

**Wi-Fi CAMPUS:** In order to build an operating synergy, the institute is providing technology tool to integrate multiple sources of knowledge with the help of Wi-Fi access to the entire faculty and the students any where in the campus.

"India is high population country and in wide range population, health is affected by deficiency of health profession and in remote area people needs more health care. So we are trying to fulfill the requirements of health professional in broad population & improve the availability of health care"

## Why Nursing as a Career ?

Choosing a right career is a dilemma for most of the students who have just completed pre university. Every parent intends to place his / her child into good courses that would offer a bright future . Choice of a career and placement is a challenging process because of lack of guidance and increasing competition.

If **Nursing** is what you are contemplating on, as your career , you ought to know certain facts :

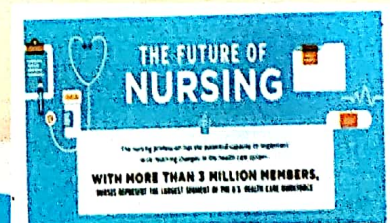

- 1) Nursing is a noble profession but only to those who have the aptitude of caring and attitude of serving others .
- 2) Nursing all over the world has evolved and established itself as a profession having all the characteristics of a profession :-
  - a) Having own body of knowledge , based on theories and research
  - b) Ensures theoretical and practical competencies acquired through undergoing training from accredited institutions , affiliated to a university offering highest level of educational qualifications to its members .
  - c) Socially accepted as offering dedicated and altruistic service for the welfare of all human beings.
  - d) Enjoys self governance ( autonomy and accountability ) and devoted to quality focused services.
  - e) Members believe in ethical principles , having well - organized association devoted to the welfare of society , client of professional standards .
- 3) Nursing offers rewarding career opportunities both in service sector as well as private practice within India and abroad . Study of nursing and its practice involves hard work and excellence . At the same time it offers an opportunity to serve people and good financial support . The job of a clinical nurse requires working in shift duties - at different settings , caring for multi dimensional needs of handling emergencies , solving problems - making decisions - teaching and counselling people in their homes , workplaces , schools ; and calls for high sense of duty even at the cost of sacrificing ones comfort .

## Job Prospects :

A graduate or a postgraduate nurse can find employment as a clinician in government or private hospitals. In nursing homes / clinics / health departments, in medical services of army / navy or air force, in charitable institutions, health insurance agencies at National & International Levels.

- 1) In research institutes and health care companies as researchers.
- 2) In the industrial & business sector e.g. travel agencies & health tourism
- 3) As private or independent practitioner / self employment.

# Auxiliary Nursing & Midwifery (A.N.M.)

Course Duration	: 2 years
Eligibility	: 10 + 2 (any stream) & English
Age Limit	: 17 to 35 years

## COURSES OF STUDY :-

### First Year

1. Community Health Nursing
2. Health Promotion
3. Primary Health Care Nursing
4. Child Health Nursing

### Second year

1. Midwifery
2. Health Centre Management

# Nursing & Midwifery (G.N.M.)

Course Duration	: 3 years (including internship)
Eligibility	: 10 + 2 (any stream) & English
Age Limit	: 17 to 35 years

**COURSE DESCRIPTION:** This course helps the student to develop the ability to function effectively with the health professionals and participate as a member of health team to deliver preventive, curative, primitive and rehabilitative health care services.

## COURSES OF STUDY:-

### First Year

1. **Bio Science**
  - (a) Anatomy and Physiology
  - (b) Microbiology
2. **Behavioral Science**
  - (a) Psychology
  - (b) Sociology
3. **Fundamentals of Nursing**
  - (a) Fundamentals of Nursing
  - (b) First Aid
4. **Community Health Nursing**
  - (a) Community Health Nursing I
  - (b) Environmental Hygiene
  - (c) Health Education & Communication skills
  - (d) Nutrition
5. **English**

### Second year

1. Medical Surgical Nursing
2. Medical Surgical Nursing II
3. Mental Health and Psychiatric
4. Child Health Nursing

### Third Year (part- 1)

1. Midwifery and Gynaecology
2. Community Health Nursing II

### Third Year (part- 2)

(Integrated Supervised Internship)

1. Nursing Education
2. Introduction to Research and Statistics
3. Professional Trends & Adjustments
4. Nursing Administration & Ward Management

# DIPLOMA IN AYURVEDIC UPCHARIKA

Course	: Ayurvedic Upcharika
Duration	: 3 Years + 6 Month Internship
Eligibility	: 10 + 2 any stream
Minimum Age	: 17 Years

Affiliated to - Board of Ayurvedic and Unani Tibbi Systems of Medicine (U.P)

The Demand for **Ayurvedic Nurses** is ever increasing at associate in nursing exploding rate exaggerated Variety of medical care.

Center needs mean and trained nursing employs to produce quality and skilled treatment to the patient.

Ayurvedic nursing could be Triple Crown career possibility because opens a good of job labels and chance to even travel abroad and work.

## Career

- ❖ Job in Different Ayurvedic Hospital, Clinic, Nursing House as a nurse.
- ❖ Ayurvedic Health Supervisor.
- ❖ In field of Dietician Ayurvedic.
- ❖ Can Assit in Panchkarma Center.
- ❖ Foreign job in Different Ayurvedic Field.

Affiliate To	A.K.T.U. Lucknow

**Course Description** :- B.Pharma (Bachelor of Pharmacy ) is an under graduate degree course in the area of pharmacy education. This course can be completed in 4 year by the science students after 12.

B.Pharma degree is appropriate for the students who wish to become pharmacist and want to understand how various medicinal medication affect the human body.

**On completing B.pharma course, students can work in the pharmaceutical sector. To enroll students in the B.Pharma course , B.Pharma Entrance Exams such CUET**

## Course Study :-

### First Year

Sl.NO	I Semester	Sl.NO	II Semester
1	Human Anatomy & Physiology	1	Human Anatomy & Physiology -II
2	Pharmaceutical Analysis -I	2	Phar.Organic Chemistry -I
3	Pharmaceutics -I	3	Bio Chemistry
4	Phar.inorganic Chemistry	4	Patho Physiology
5	Communication Skills	5	Computer Application in pharmacy
6	Remedial biology /Mathematics	6	Environmental Science

### Second Year

Sl.NO	III Semester	Sl.NO	IV Semester
1	Pharmaceutical Organic Chemistry II	1	Pharmaceutical Organic Chemistry III
2	Physical Pharmaceutics I	2	Medicinal Chemistry I
3	Pharmaceutical Microbiology	3	Physical Pharmaceutics II
4	Pharmaceutical Engineering	4	Pharmacology I
5	Universal Human Values and Professional Ethics	5	Pharmacognosy I

### Third Year

Sl.NO	V Semester	Sl.NO	VI Semester
1	Medicinal Chemistry II	1	Medicinal Chemistry III
2	Industrial Pharmacy I	2	Pharmacology III
3	Pharmacology II	3	Herbal Drug Technology
4	Pharmacognosy and Phytochemistry	4	Biopharmaceutics and Pharmacokinetics
5	Pharmaceutical Jurisprudence	5	Pharmaceutical Biotechnology
6	Report on Hospital Training-I	6	Quality Assurance
	—	7	Report on Industrial Training

### Fourth Year

Sl.NO	VI ISemester	Sl.NO	VIII Semester
1	Instrumental Methods of Analysis	1	Biostatistics and Research Methodology
2	Industrial Pharmacy II	2	Social and Preventive Pharmacy
3	Pharmacy Practice	3	Two Elective Subject (Project)
4	Novel Drug Delivery S ystem (NDDS)	4	Report on Industrial Tour
5	Practice School	5	
6	Report on Hospital Training-II	6	

### Job Prospects:-

After the completion of this course students can become a Health Inspector . Analytical Chemist Research Officer , Chemical Drug Technician . Drug Therapist , Customs Officer . Data Manager . Drug Inspection , Hospital Drug Coordinator . Medical Transcriptionist, Regulatory Manager . Teacher / Lecturer in government , Semi - Government and Private Sectors

## SCHOOL OF PARAMEDICAL

Here at **Jhunjhunwala Institute of Medical Sciences** we provide a large number of medical programmes which helps the students in choosing a better career in medical sciences. This type of program focuses on the science behind and the performing of medical procedures and testing. These courses are appropriate for students wanting to earn a diploma in a health science field. Students will typically learn about anatomy and physiology, chemistry, physics, and many methodology subjects. Many courses will include laboratory experience to learn how to collect and analyze tissue samples, bodily fluids, and various other medical substances.

A background in medical science creates a wide range of employment opportunities for students in the medical and research fields. These technology and research-based positions generally pay well, and some graduates will have a competitive edge in the medical industry. After a medical science program and all relevant courses are completed, a graduate can usually find easy employment in medical research facilities and testing laboratories. Medical and clinical laboratory technicians and technologists, medical scientists, and biological technicians are just a few of the positions available. Hospitals can use this expertise in oncology wards, and disease control agencies can use graduates who will study the growth and effects of illnesses. Making the most of an education starts with finding the right school for your career goals. Get started today.

## PARAMEDICAL COURSES

Joining a medical college as MBBS student is not the only route for entering the medical field. With the increase in medical facilities, polyclinics, diagnostic centers, labs, hospitals and clinics there is a vast need for various paramedical experts, technicians, nurses and pharmacists.

Paramedical experts play a very important role in helping the doctors to make accurate diagnosis for treatment, cure and overall care of patients. More often than not the role of paramedics is both diagnostic and therapeutic. Paramedics include optometrists, Physiotherapists, occupational therapist.

### **Job Opportunities:**

Medical technologists have unlimited choices or practice settings, hospitals, independent laboratories, Clinics, Public health facilities and industry and currently have positions open for qualified medical technologists. Additional opportunities are available in diagnostics, rehabilitation and wellness centers, private and state run trauma centers and can also work as eye technician in eye hospitals and clinics, manage operation theaters in different hospitals etc.

Course	<ul style="list-style-type: none"> <li>• Diploma in Optometry (D.Opt)</li> <li>• Diploma in Physiotherapy (D.P.T.)</li> <li>• Diploma in Trauma-Care (D.E.T.C.T)</li> <li>• Diploma in Operation Theater &amp;</li> <li>• Clinical Technology (D.O.T.C.T)</li> </ul>
Duration	2 Years
Eligibility	10+2 Science
Minimum Age	17 Years

# DIPLOMA IN OPTOMETRY

Affiliated To: U.P.State Medical Faculty, Lucknow

**Optometry is the health care profession of measuring vision prescribes and fit improve vision, detecting & treat various eye disease."**

Diploma in Optometry ( DOPT ) is a two - year programme started with the objective of producing trained ophthalmic personnel for rendering eye care services to the masses . The incidence of preventable blindness in India is ever increasing due to non - availability of qualified eye care professionals . The qualified personnel can work with vision care hospital as a part of team with ophthalmologists and optometrist and contribute towards prevention of blindness . Optometry and Ophthalmic Techniques / Technology ( BSCHOT ) aimed to develop a multipurpose ophthalmic manpower in the country . The students can employ themselves in Specialized Eye Hospitals , Optical Outlets , Practice Independently and Dispense Glasses , Contact Lenses and Low Vision Aids .

## Eligibility:

Course	: Diploma in Optometry
Academic Qualification	: Class 12 <sup>th</sup> pass Science
Minium Prccentage	: 50%
Course Duration	: 2 years
Minumun Age	: 17 yrs

## Objective

The programme is being launched with broad objective of training the students in various ophthalmic techniques . After going through this programme the students shall be able to . Assist eye specialists in eye hospital , eye care health units , etc. as perfectionists , orthoptists , theatre assistants and perfectionists .

- Get themselves self employed as opticians , optometrists and perfectionists estimate errors of refraction and be able to prescribe glasses .
- Perform accurate refraction and prescribe visual aids .
- Assess ocular motility disorders and prescribe adequate treatment including eyeball exercises

## Course of Study :-

First Year	Second Year
1. General Anatomy and physiology	1-Diseases of Eye
2.Ocular Anatomy and Physiology	2-Diagnostic instrument
3-Physical optics	3.Pharmacolcogy, Pathology and microbiology.
4- Pharmacolcogy, Pathology and microbiology.	4-Mechanics Optics
	5-Public health and community opthalmology

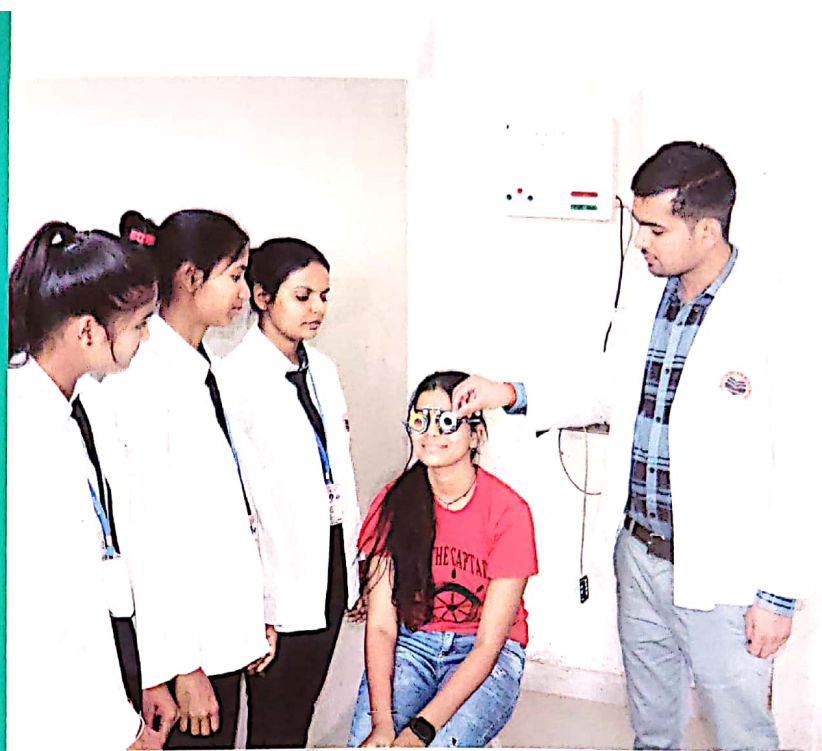

## Career and Job Opportunities:-

After completing the course on optometry, an optometrist has various career opportunities.

- They can establish an independent practice by starting their own eye clinic, optical shop, lens manufacturing unit etc.
- They can work with optician showrooms, eye doctors, contact lens and ophthalmic lens industry, hospital eye departments etc. Optometrists can also seek employment with any multinational organization dealing with eye care products as professional services executives or take up teaching as a career
- They can pursue higher education or can go for further research in the field of optometry. Optometrists could also take up the work of occupational health specialists in the vision care of industrial workers.

- 1- Private Multispecialty Hospital
- 2- Medical College

# DIPLOMA IN PHYSIOTHERAPY

Affiliated to: U.P. State Medical Faculty, Lucknow

## Overview-

A Diploma in Physiotherapy is a professional course in the paramedical field that candidates can pursue if they want to work with and treat patients who have physical disabilities or have been injured. The course duration is 2 years and it teaches different rehabilitation techniques to candidates that must be applied to patients so that they can return to a normal lifestyle.

Name of the course	Diploma in Physiotherapy
Academic Qualification	Class 12 <sup>th</sup> Pass Science
Minimum percentage	50%
Duration	2 year
Minimum Age	17

## Objective:-

- To promote the patient health awareness and education.
- To provide accessible rehabilitation services.
- Effective utilization of staff resources.
- The aim of physiotherapy is to restore the proper functioning of the body.
- The physiotherapist will also consider ways to improve general well-being and quality of life.
- To demonstrate knowledge of the theoretical and practical basis of physical therapy.
- Demonstrate clinical evaluation, treatment planning and implementation.
- Integrate knowledge of basic sciences and physiotherapy in order to modify treatment approaches that reflect the scope of practice.

## Course Study:-

First Year	Second Year
1. General Anatomy & Physiology (Cytology, Histology, Osteology and only basics of all organ systems of body).	1. Detailed Anatomy of bones, muscles, joints, nerves of body.
2. Only basics of relevant Pathology, Pharmacology & Microbiology.	2. Basics of exercise therapy, electrotherapy, physics used in physiotherapy, biomechanics & kinesiology.
	3. Hand hygiene & prevention of cross infection.
	4. Basic life support (BLS) & Cardio-pulmonary resuscitation (CPR).

## Career –

After getting good knowledge and exposure of this field of physiotherapist can play their significant role in the following Organizations-

- Rehabilitation Centers.
- Defense Medical Organizations.
- Colleges and Universities
- Assistant physiotherapist in private – government sectors.
- Orthopedic /Neurology /Pediatric /-Rheumatology/ Hematology  
Department of health Institutions/Assistant Physiotherapist in any sports  
academy.

# Diploma in Operation Theater & Clinical Technology (OTCT):

Affiliated To: U.P.State Medical Faculty, Lucknow

Name of the Course	Operation theater & clinical Technology
Academic Qualification	Class 12 <sup>th</sup> pass Science
Minimum Percentage	50%
Duration	2 year
Minimum Age	17

The Course Equips the Professional to take complete Care of Surgical Procedure & to assist in anesthesia to Patient, the demand for trained and skilled O.T. Professionals is growing day by day. They are not just assistant to Surgeon but they help in maintaining the proper decorum and Code of Conduct in O.T.

## Objectives-

- They are responsible to Keep Surgical instrument Safe clean & disinfectant
- They should arrange to surgical equipment according to surgery.
- They Maintain sterilization of operation theater.

## Course Study:-

First Year	Second year
1.General Anatomy & Physiology (Cytology, histology, Osteology) 2.Pathology,Pharmacology & & Microbiology 3.Biomedical waste management, Hygiene 5.Anaesthesia drugs, Equipment 6.Instruments and basic of sterilization 7.Basic of TPR	1.Basics surgical procedures 2.Basics of medicinal disease 3.Suture, Needle, Incision 4.Surgical Instruments & equipments 5. Sterilization and CSSD 6.Preoperative postoperative management

## Career:-

- 1- Eligible for post of O.T. Technician in District Hospital & Community health centre
- 2- Private Multispecialty Hospital
- 3- Medical College
- 4- Teaching opportunities for diploma.

## CO - CURRICULAR ACTIVITIES

Jhunjhunwala Institute of Medical Sciences, Ayodhya support many organizations and activities for students to get involved with - both on and off campus. We believe that active participation in community life can greatly enhance the quality of a student's educational experience. We encourage all

**1) Career Awareness Program :** We run a wide range of programs with a motto to aware them towards their successful career . To fulfill this dream , regularly , we run various presentations on career guidance . Tips to improve personality, effective communication skills and give the idea about the preparation of examination which helps and motivates them to set an appropriate career goal and to attain it in a desired manner .

**2) Personality Development & Communication Session:** We deliver the regular classes of personality development for students . Our aim is to improve the personality of the students and motivate them to improve their communication skill through Medha Foundation .By this programme students will develop their reading, writing . listening and speaking skill in friendly professional and informal way .

**3) Seminars and Symposia :** We organize wide range of seminars and symposia to update their understanding process that has steps to expand their knowledge and interpersonal skills . These programs are quickest and easiest way to obtain vital information that can improve

ability to do work and it is a great way to exchange information and experiences .

**4) Workshops and Medical awareness Camps :** Our organization frequently organizes these activities to provide effective treatment to needy patients as well as to give wide exposure to the students .

**5) Industrial Interaction:** Industrial visit is organized for the students to demonstrate the real procedure and flow chart of production and quality control. students get knowledge about

different type of standards certification and their norms finally everyone got touched for their functional and professional future.

#### 6) Game and Sports Activities :

Our institute offer the facility of both indoor as well as outdoor games . We believe that physical activity should be part of our life - style . By these extra curricular activities our motto is to improve health , develop confidence , self - awareness fitness and overall well being . Physically active play develop motors and social skills , intellectual capacities and concepts creatively . We have all the necessary kit for volleyball , cricket , football , badminton , chess , carom , table tennis etc.

7 ) Celebrations : Festivals like Holi , Diwali etc. are celebrated wonderfully along with JIMS Group . We also celebrate annual function , farewell party , fresher party and various competitions like Logo competition , painting , Rangoli , Mehendi etc. and special days like World Heart Day , T.B. Day , AIDS Day , Health Day etc to reduce self - destructive and delinquent behavior in young people and contribute to a more disciplined attitude .

8 ) Excursion ( Educational Tour / Picnic ) : Our institute organizes educational tour to provide valuable educational opportunities away from the classroom . New educational environments and experiences are possible and students may have the opportunity to observe many things that are not available at the college campus . These tours are highly anticipated and students have fun with their friends and they also may return to the college with renewed focus

on their work .

9 ) Yoga and Meditation : Yoga and meditation are effective to exercise control over mind and body and feel peace and relaxation in body . It is essential to maintain good health . For this purpose institute arrange Yoga and Meditation classes time to time by the " Art of living Team . "

10 ) Medical Camps : Institute organises two medical camps in a month in different urban and rural areas to provide exposure and experience to the students about care of patients in community areas

# BACHELOR OF COMPUTER APPLICATION (BCA)

## An Overview

Fast growing information technology and communication systems have become critical components of almost every company's strategic plan. Companies which want to take advantage of the new information technologies and communication systems require expert professionals, who can apply computer science principles to solve problems produced by the interface between business and technology. BCA Course is an under graduate program where students are exposed to various areas of computer applications including the latest development in the industry. Computer is part of automation which is essential for any type of organization Govt. / Private to run their system.

## Objectives

BCA is a professional discipline offering numerous career opportunities in (Govt. /Semi Govt. / Private and Semi Private, etc.) it is the fascinating and challenging field to develop one self in IT/CS Sector. After acquiring the Bachelors Degree in Computer Application (BCA) there is a further educational opportunity to go for MCA, M-Tech, and PGDCA Master Program.

**JOB ROLE:** • Web Developer • System Administrator • Technical Support • Data Science • Database Administrator • Data Analyst • Computer Security Expert • Systems Analyst • Digital Marketer • Network Administrator • Web Designer • Computer Programmer

BCA	
Type of Programme	CS and IT
Level of the Programme	Bachelor Degree
Duration	3 Years (6 sem)
Minimum Qualification	10+2 (Maths) with 45%

# SYLLABUS STRUCTURE

## BCA (2022-23) Syllabus semester

Semester	Paper Code	Paper Name
Semester - I	BCA101 T	Programming Principles Using Python
	BCA102 T	Computer System Architecture
	BCA103	Introduction to Innovation and Entrepreneurship
	BCA104	Business Communication
	BCA105	Foundation of Mathematics for Computer Applications
Semester	Paper Code	Paper Name
Semester - II	BCA201 T	Object Oriented Programming Using C++
	BCA202 T	Concepts of Data Structure
	BCA203	Management Information System
	BCA204	Introduction to Soft Computing
	BCA205	Discrete Mathematics
Semester	Paper Code	Paper Name
Semester - III	BCA301 T	JAVA Programming and Dynamic Web Design
	BCA302 T	Operating System
	BCA303	Computer Network
	BCA304	Android Programming
	BCA305	Elements of Statistics
Semester	Paper Code	Paper Name
Semester - IV	BCA401 T	Introduction to DBMS
	BCA402 T	Design and Analysis of Algorithm
	BCA403	Software Engineering
	BCA404	Introduction to Cloud Computing
	BCA405	Numerical Methods
Semester	Paper Code	Paper Name
Semester - V	BCA501 T	Computer Graphics & Animation
	BCA502 T	Web & Internet Technologies
	BCA503	Data Mining
	BCA504	Information Security
Semester	Paper Code	Paper Name
Semester - VI	BCA601	Theory of Computation
	BCA602	Artificial Intelligence
	BCA603	Machine Learning
	BCA604	Digital Image Processing

## COMPUTER LAB

Our computer Lab is well equipped with state of art facilities, Lab covered area is 160square meters having pentiun4 (Dual Core), 150 terminal working on LAN platform with latest original software package like OFFICE2007/10; MS-PROJECT. HTML: DBMS. Fully air conditioned Lab having 24 hours internet access to students is supported by 2mbps Leas line facility

## BCS LIBRARY

### LIBRARY-KNOWLEDGEANDLEARNINGRESOURCECENTRE

The library covers an area of 300square meters and has a reading room to accommodate 150 students. The reference and borrowing sections together have a large number of books, 5200 volumes with over 1350 reference book. Periodicals, magazine. Newspapers, audio and video course material with various international and national journals. We are having e-book subscription, Xerox facility for students are available. The process of issue and return of book is computerized and controlled by LIBSYS software.

## SMART CLASS ROOM

A smart classroom is an EdTech-upgraded classroom that enhances the teaching and learning process for both the teachers and the students by inculcating audio, video, animations, images, multimedia etc. This increases the engagement factor and leads to better-performing students.

## Events, Seminars And Workshops

The one of the main purpose of conducting Fresher's Party is to welcome new students in college's friendly atmosphere and to encourage their creative impulses to boost their confidence and pursue their passion. It is the day where seniors and juniors finally bond and unite to celebrate being part of the college. Fresher party is a way to welcome new comers in a college. The Fresher party isn't just a day for the new comers (as the name says) but is also important and special for the seniors.

A workshop is a method of teaching which a mix between studio practice and a lecture is. Workshops typically take place with a small group of students (usually between 5 and 30). Workshops are designed to enhance the students' practical skills, and to teach them about the theory and context behind such practice.

Industrial visits are an essential part of the academic curriculum in most of the Graduate and Post-graduate courses. Being a part of interactive learning, such educational visits give students a major exposure to real working environments along with a practical perspective of a theoretical concept relevant to their domain. In addition to that, industrial visits bridge the widening gap between theoretical learning and practical exposure by giving students the first-hand exposure to identify the inputs and outputs for different business operations and processes performed at the workplace.

Students are taught by demonstration and then are expected to copy what they have been shown. Once the students have completed the first section, the workshop continues in a similar manner with the lecturer demonstrating the next step. By this method of teaching students can learn how to achieve complete processes gradually and in small easy to follow, stages.

# RAGGING FREE CAMPUS

As per the direction of the Hon'ble Supreme Court of India, the institute will strictly follow the "UGC regulation on curbing the menace in higher Educational Institutions 2009". In accordance with these regulation the admitted student as well the parents concern must have to submit two individual affidavits as per format.

Ragging of any student is a criminal offence and stringent measures have to be taken for curbing the menace of ragging in educational institutions. **Jhunjhunwala Group of Institutes** administration is very conscious of its responsibilities in this regard and students and parents need not harbour undue apprehensions, and should report any incident immediately to the university authorities. "If any incident of ragging comes to the notice of the authority, the concerned student shall be given liberty to explain and if his explanation is not found satisfactory, the authority would expel him from the institution." Any students facing any problem in this regard should immediately report the matter to the Anti-ragging Committee constituted in the college.

Armed with strict orders from the Supreme Court and All India Council for Technical Education (AICTE) to constitute monitoring committees to prevent ragging, the engineering colleges are leaving no stone unturned to prevent ragging, since last few years.

Further, we look forward to your continuing support in this direction for the coming session as well as years to come. Today, the ragging has become synonym with teasing, terror, harassment, cruelty, fear and physical and mental torture and abuse of human rights of fresher, which are resulting in numerous unavoidable deaths, suicides, group clashes/conflicts and large number of fresher dropouts. It is emphasized that Institutes considers ragging as a cognizable and heinous offence and will not hesitate to take stern action against the offenders with a view to maintain "Ragging Free Campus". Some of the punishments for students directly or indirectly involved in the ragging and its abetment are given as under:-

**MAKE CAMPUS RAGGING FREE.  
GO AHEAD, REPORT RAGGING**

- Cancellation of Admission
- Suspension from attending classes.
- Withholding / withdrawing of scholarship / fellowship and other benefits.
- Debarring from appearing for any test / examination / placement activities organized by the institute.
- Withholding of results.
- Lodging FIR against offender.
- Debarring from representing the institution in any National or International meet, tournament and festival.
- Suspension / Expulsion from the hostel.
- Expulsion from the institution and consequent debarring from admission to any other institution.
- Fine
- Rigorous Imprisonment for up to 3 years (under court of law).

Finally, you are requested not to indulge in ragging in any form. The enclosed Performa for undertakings by you and your parents may please be completed & signed as same is required to be deposited to the department before his/her registration. Your cooperation in maintaining "**Ragging Free Campus**" will go a long way in enhancing the image of Jhunjhunwala Group of Institutes.

# RULES AND REGULATIONS FOR STUDENTS

## DISCIPLINE

- All students must follow the rules and regulations framed by the Institute and must maintain discipline and peaceful environment in the campus and must be in college uniform during college hours. Student shall be regular and punctual in attending classes, tutorials and submission of term work in various subjects. 80% of the attendance is compulsory and the student shall not be certified if his/her progress, regularity, conduct and attendance are not satisfactory.
- Every student must carry their Identity Cards in person at all times during their course. Student should refrain from disfiguring walls, furniture and other property of the college.

## LIBRARY

- Every student shall be issued a library card which will be valid only for the regular duration of the course in which the student is admitted. Library card will be valid only for the regular duration of the course. Each student will be issued two books at a same time for fifteen days. In case of loss or damage of library book, student will have to bear the expense of the book or replace the same.

## ADMISSION AND SCHOLARSHIP

- Fees of all the courses to which the candidates sought admission must be paid in full, no partial payments and no installments shall be made. Fees must be deposited within the prescribed time and delay will lead to imposition of fine. All fees once paid are not refundable for any reason whatsoever. All documents required at the time of admission must be submitted within the prescribed time. If any document is found to be forged or false the college has the authority to cancel the admission and forfeit the fees.
- Scholarship form must be filled by the candidate soon after taking the admission with all necessary documents required. If for any specific reason whatsoever if the student does not receive scholarship, the institution shall not be held liable as the college is only a medium to facilitate the scholarship and this matter is subjected to the domain of department of social welfare (samaaj kaliyan)

## RIGHTS OF THE INSTITUTION

- The Jhunjhunwala Group of Institution reserves the right to alter or modify the structure of any programme to attain the objective of excellence. The Jhunjhunwala Group of Institution reserves the right to change the provided fee structure.
- The Jhunjhunwala Group of Institution reserves the right to alter/ modify or include any other terms and conditions that may be deemed fit in the interest of the institution.

**STUDENT DECLARATION** – I hereby declare that I and my parents have read the Prospectus as well as the admission requirements. I agree to abide by the rules and regulations given above. I further declare that I shall admit myself to the jurisdiction of the authorities of the institute whose decisions will be final and binding.

मैं यह घोषणा करता / करती हूँ कि मैं और मेरे माता-पिता ने प्रॉस्पेक्टस और साथ ही प्रवेश आवश्यकताओं को पढ़ लिया है। मैं उपरोक्त नियमों और नियमों का पालन करने के लिए सहमत हूँ। मैं आगे यह घोषणा करता / करती हूँ कि मैं संस्थान के अधिकारियों के अधिकार क्षेत्र में प्रवेश करूंगा / करूंगी जिसका निर्णय अंतिम और बाध्यकारी होगा।
